Expectation India  
India's Academic Partner

Sarvayog International School is a senior secondary co-educational school affiliated to CBSE which aims at all round development of the students. The School offers an inquiry based, child centered and academically rigorous curriculum that addresses the intellectual, social and emotional needs of each child. From KG 1 (Nursery) to Grade 5. Our goal is to develop young people who are open minded, caring, good communicators and ready to take responsibility for making a difference to the world around them.

The language of instruction and inclusion at the school is English. Students will spend a majority of their time with the Homeroom teacher where they will focus on the study of English, Mathematics, Units of Inquiry (including Science and Social Studies) and pastoral care. We recognize and celebrate the fact that for many students, English is a second or other language. Specialized English Language Acquisition (ELA) instruction is given to these students either as a separate pull-out class or as in-class support where the ELA and Homeroom teacher work together. An Individual Needs teacher and School Counselor offer further support for students.

Elementary students are encouraged to become leaders. Students are represented by the Elementary Student Council, which organizes social and fundraising events.

April 2021 marked the commencing of New Academic Session 2021-21 by a bang with the formation of 'Mothers' Club'. The aim and motive of this club is basically to club in all the mothers, and involve them in the various programs, activities and celebrations. A PTM was also conducted by the school.

### 1. MOTHER'S CLUB

The Mothers' Club is formed by a lot of people doing a lot of "Little Things" all with great love. Every mother being special was welcomed and honoured by 'Tika' and flowers, followed by snacks and drinks. There were variety of programs as singing, dancing, beauty contest, Mehandi contest, musical chair and many more. The atmosphere was filled with fun and frolic. All in all it was a memorable day to cherish.

## 2. WELCOMING OF PEERS

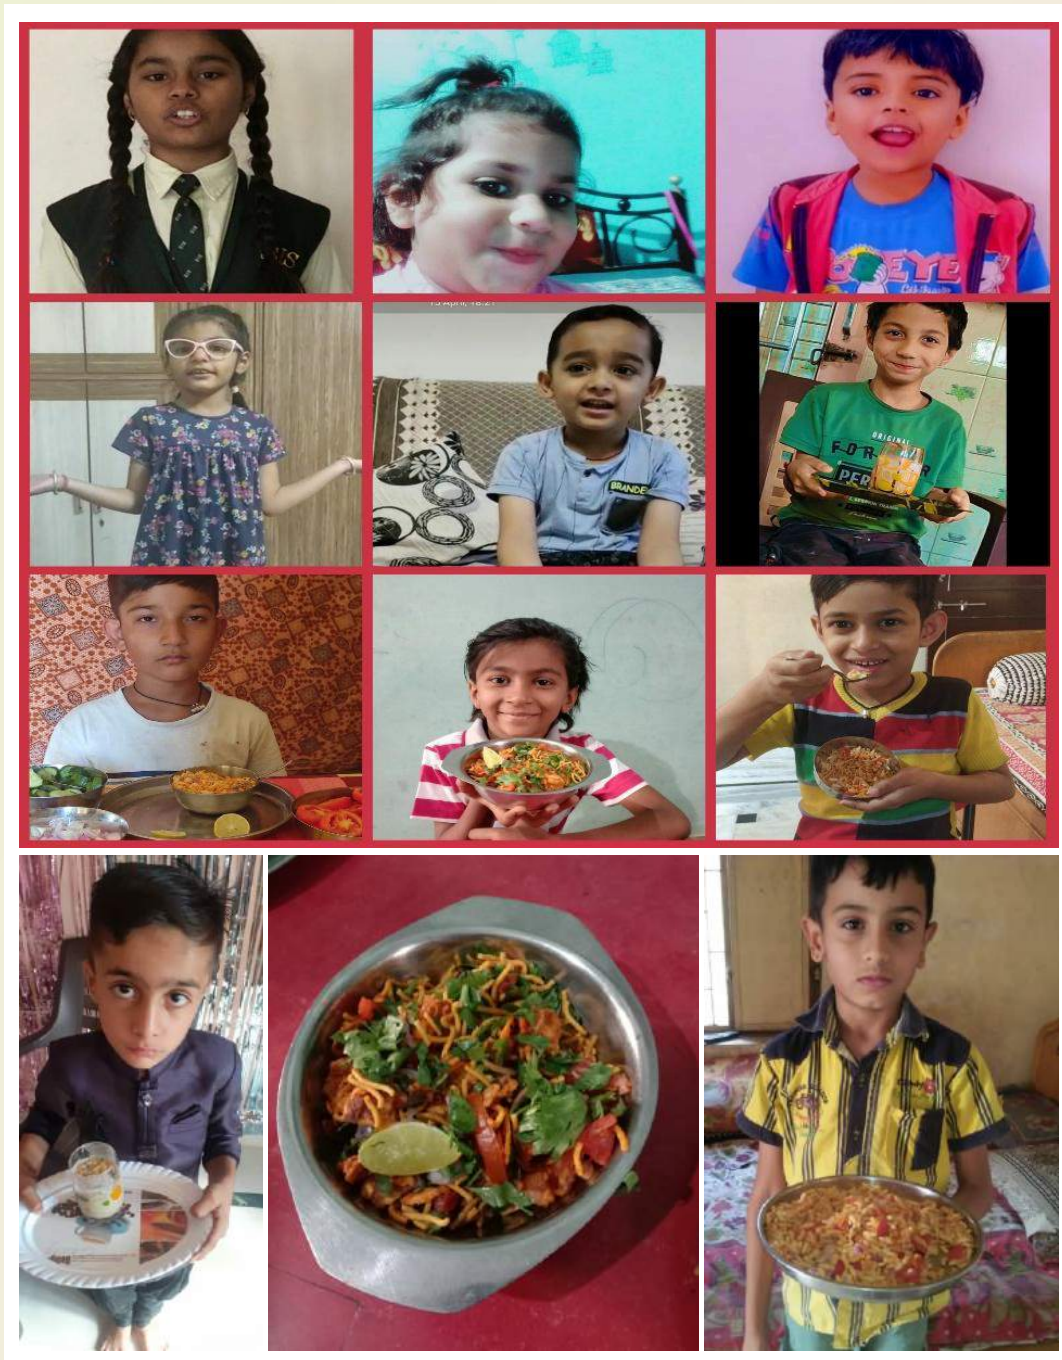

Factoring in the academic loss due to the pandemic lockdown last year, we at Sarvayog International School planned to implement Bridge course for the students from grade 1 to 8. This course focuses on important topics from the syllabus. It helps the children to understand better, prepare them and make them more confident for next class. Tests were conducted at the end of the course. Children have excelled in this course.

### 3. VARIOUS ACTIVITIES BY THE STUDENTS

A popular saying..All that starts well, ends well. We began with the formation of 'Mothers' Club. Next, the ceremony to welcome our prestigious students into new academic year began with a welcome song. Our Tiny Tots joined us by displaying their talent in Art with Colours. Various topics were given to students from grade 1 to 8. As in Storytelling, Fireless Cooking, Talk master, Beyond the voice and Mind trap.

**Let me pen down beautiful verses for**

**OUR CHILDREN**

**Your child is like soft, pious clay,  
Upon whom your tender hands must lay.  
To mould him into a beautiful pot,  
Sculpt him with all the positivity you have got.  
Whenever he lags behind the rest,  
Tell him, I know you did your best.  
You are important, your opinion matters,  
Hearing this, your child will even do better.  
Express it to him out loud,  
My child, you really make me proud.  
Make him feel special in every possible way,  
He'll eventually bloom with every passing day.**
