## ACTIVITIES

Go Green Activity- "Live life cleaner by making Earth greener"

The Go Green Activities are all about assisting pupils in developing a conservation culture. We believe in a collaborative approach involving students, instructors, and parents. We work with children in every grade level (from pre-school to senior high school) to create custom "Go Green" plans that help them set goals to preserve resources and provide tools to track their progress. Students can have a huge impact on communities by both preserving precious resources today and teaching them how to be environmental stewards for the rest of their lives.

With these facts in mind, Sarvayog International School launched Go Green Activities, which included the following activities.

### 1. Plant a Seed/Sapling – "You will always harvest what you plant"

### Shoe Box or a Bird House!

## Tetra Pack or a Bird Feeder!

## “Humanity above all religions” Sarva Dharma Prarthana (All-Faith Prayer Meet)

Sarvayog International School hosted a virtual All-Faith prayer gathering to honor corona heroes. At 11:00 a.m. on June 10th, all students and instructors observed two minutes of quiet for the serenity of the souls of those who lost their battle against Corona virus.

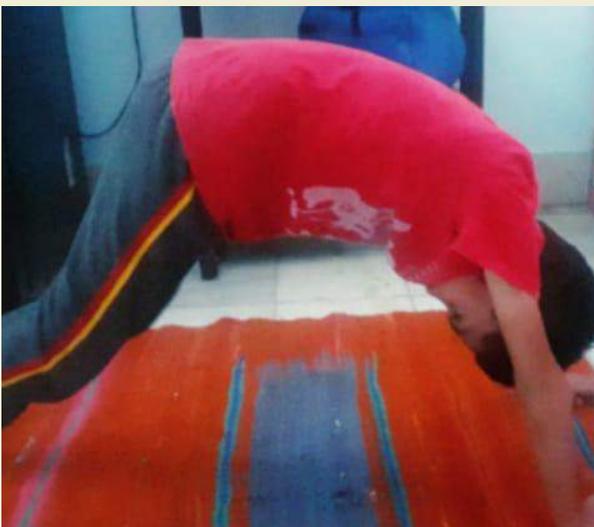

## “Yoga, A Way of Life” International Yoga Day Celebration-

International Yoga Day, observed on June 21, honors the physical and spiritual strength that yoga has brought to the world stage. While it is a great source of exercise and healthful activity, millions of people participate and practice it on a regular basis. Many people see these rituals as a method to reconnect the body, mind, and spirit in a way that has existed for ages. The concept of International Yoga Day was first presented by Prime Minister Narendra Modi on September 27, 2014, during his speech at the United Nations General Assembly, where India's Ambassador, Asoke Kumar Mukerji, sponsored a resolution to establish June 21 as International Yoga Day.

On June 21, 2015, nearly 36,000 people, including Prime Minister Modi and many other high-profile political figures from around the world, performed 21 asanas (yoga postures) for 35 minutes in New Delhi to commemorate the first International Yoga Day, which has since been celebrated around the world.

Since then, Sarvayog International School has also observed International Yoga Day. We've been observing Yoga Day virtually since last year. On June 21, 2021, all students participated electronically and practiced yogasanas.

### Take the Mic (Poem Recitation)

“To read a poem is to hear it with our eyes; to hear it is to see it with our ears.”

Under the direction of In charge Mrs. Deepa Nathaney and the class teachers of these classes, an online poem recitation competition was conducted for classes Nursery, LKG, and UKG at Sarvayog International School. Almost all of the pupils in these classes demonstrated their poetic ability by reciting various poems. Class Teachers were in charge of hosting. Itisha (Grade: UKG) was crowned the day's best performer. Chhavi (Grade: UKG) finished second, while Ronak (Grade: UKG) finished third. Mr. Praveen B. Purohit, the school's chairman, was pleased by the student's talent. Mr. Satish Bhalothia, the school's principal, lauded the students' and instructors' efforts as well.

### Spell Bee

Spell Bee is a competition in which contestants are asked to spell a wide range of words with increasing degrees of difficulty. Sarvayog International School hosted Spell Bee Competition for students in grades 1 and 2. This competition was attended by all of the kids. Divank (Grade 1) was declared the competition's champion. Sakshi (Grade 2) came in second, and Sarthak (Grade 2) came in third. We hope that our pupils will win accolades on larger stages.

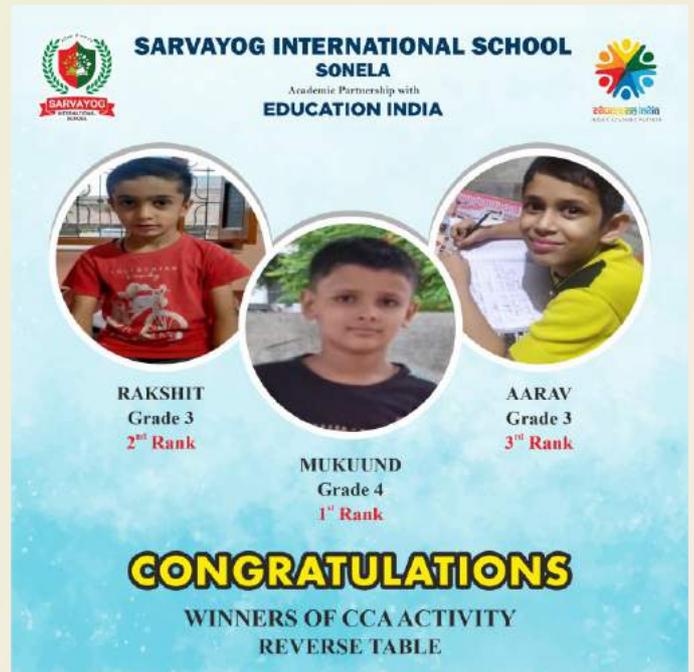

## Reverse Tables

Fun and learning unlimited...

Memorizing multiplication tables 1 to 20 serves as a foundation for related Math concepts taught in elementary school such as division, fractions, long multiplication, and algebra. Students will find these topics more difficult to understand if they do not memorize basic multiplication tables. As a result, it is critical that they memorize the math tables.

Our school arranged a Reverse Tables tournament to improve table memorizing so that pupils feel confident when tackling arithmetic problems. Mukund Joshi (Grade 4) was the competition's champion. Rakshit (Grade 3) came in second place. Arav (Grade 3) came in third place.

## Feel the Beat- Dance

Our school held a dance competition to showcase their talent. Theme of the competition was mixed dance forms (on Indian or western beats). Our children participated in this competition with zest and displayed their talents virtually. Their performance was outstanding. Sumit (Grade 6) was declared the competition's winner. Unnati (Grade: 5) bagged second position and Garima (Grade: 5) got third position.

### Sand Art

Sand Art by Little Artists- Sarvayog International School held a Sand Art Competition for students in grades VII and VIII. The competition was attended by all of the pupils from these classes. They worked on their sand brushing and sand painting models. Ashutosh (Grade 7) was declared the competition's winner. Vinit (Grade 7) came in second place. Yashaswi (Grade 8) came in third place.

### The Art Cart

The Art Cart-Creativity at its best! To encourage children's curiosity and creativity, our school hosted a sketching and shading competition called "The Art Cart." The contest was attended by all pupils in grades 9 and 10. The majority of the participants came out with amazing sketches. It was difficult to choose the contest winner. Following a brief examination, the jury proclaimed Akshat Agrawal (Grade 10) the winner. Chhavi Khandelwal (Grade 9) was chosen as the runner-up candidate. Aryan Sahu came in third place.

### Extempore

Extempore- Speaking with confidence.

Sarvayog International School hosted a virtual extempore competition in which senior secondary students competed. The event was virtually hosted by the Institute. During the virtual meeting, participants were given an on-the-spot topic about which they had a maximum of three minutes to speak. The subjects varied from COVID-19, immunization, and lockdowns to engineering life and entrepreneurship. The winners for the competition were declared by the jury consisted of English teachers and the Principal. The first position was secured by Om Prakash (Grade: 12), second Kritish 01 Purohit (Grade: 12).

### PARENT'S REVIEW

**Mr. Kishore Agarwal**

My child, Akshat Agrawal has been in 'Sarvayog International School' for three years now. He absolutely loves the school. The school has provided many opportunities to my child. He has been able to achieve remarkable positions in various activities. I am quite happy with his progress in academics and co-curricular field as well. The teachers are extremely friendly, understanding and caring. Along with the studies, the school also pays attention to other co-curricular activities. This school integrates compassion into their teaching standards, emphasizes the importance of values and builds leaders through each of their classes and lessons. The teachers are truly invested in my child's education and his growth. All the academic and non academic programs are great. In the covid-19 situation, the school has made very good arrangement of online classes. I would like to thank the school's principal and staff for making my child much more bold, confident and energetic.
